REMARKS

This FB42 is a high-speed interceptor based on the extensive experience developed by FB Design in the past 30 years.

The RIB 42' has outstanding performances, which is capable of reaching a speed from 45 to over 60 knots and is powered with 2 x 620 HP FPT C-P0.

The perfect symmetry and balancing of the boat offers the best stability performance in every condition.

Comfort and security are augmented by the four FB Design special single seats, which allows driving comfort and greater safety, even for long use in rough conditions.

Works
- Hull and superstructure full repaint and interior refit (2018)
